### Neillsville Residents Can Help Save Lives on January 12

#### Help local hospital patients by donating at Memorial Medical Center blood drive.

Residents of the Neillsville community are invited to participate in the Memorial Medical Center community blood drive scheduled for Tuesday, January 12, 2010. The blood drive will be held in the Manz Conference Center from 11:00 a.m. to 4:00 p.m. Walk-ins are welcome. For an appointment or more information call Jeanie Sromek at (715) 743-4040. BloodCenter is the sole supplier of blood to Memorial Medical Center. Your support is appreciated and needed.

Everyday, patients undergoing surgery, cancer treatments and those in emergency rooms are just some of the recipients who benefit from blood donations. Donating blood is a quick and easy way to make a difference in the life of someone in your community.

This past May, Wendy Proffitt of Neillsville received five units of blood during an emergency hysterectomy. After giving birth to her son, Caleb, Wendy suffered complications and lost half of her body's blood supply. Thanks to support from blood donors, Wendy is healthy and thankful to be with her son. "I would not be here today without the help from blood donors," Wendy said. She is looking forward to making her first donation soon.

BloodCenter of Wisconsin encourages donors to continue their commitment and dedication to the local blood supply. Anyone who is at least 17 years old with parental consent, weighs a minimum of 110 lbs. and is in generally good health can donate blood. The entire process takes about an hour and all blood types are needed. Donors should bring a photo ID.

*BloodCenter of Wisconsin is the only provider of blood to hospitals in 28 Wisconsin counties including Marshfield Clinic, Saint Joseph's Hospital in Marshfield and Memorial Medical Center in Neillsville. BloodCenter of Wisconsin advances patient care by delivering life-saving solutions grounded in unparalleled medical and scientific expertise.*
